FOCUSED ON AIR TOOLS

GrindTech Tools Private Limited imports and supplies pneumatic air tools: five series of air sanders, die and pencil grinders, air angle grinders, drills, drivers and impact wrenches.

We chose a narrow focus on purpose. Knowing a focused range well lets us give buyers clear, technical answers, and every tool has its own model code and datasheet so quotes and re-orders stay exact.

Our range is built for manufacturers, fabricators, engineering companies, machine shops, automotive workshops and industrial distributors, in India and overseas.

COMPANY	GrindTech Tools Private Limited
BUSINESS	Importer and supplier
RANGE	32 air tools · 8 families
BASED IN	Panruti, Tamil Nadu, India
GSTIN	33AANCG3660Q1Z1

VISION

THE TRUSTED NAME FOR AIR TOOLS

To be the supplier industrial buyers turn to first when they need an air tool specified, sourced and supported properly.

MISSION

RIGHT TOOL. RIGHT SPECIFICATION. EVERY ORDER.

To source dependable air tools, publish their specifications clearly, and help every customer match the tool and the air supply to the job.

CLEAR SPECIFICATIONS. STRAIGHT ANSWERS.

SPECIFICATION FIRST

Every model is listed with its key specifications and a datasheet, so you can match the tool to the job before you order.

ONE FOCUSED RANGE

32 air tools in 8 families — sanders, grinders, drills, drivers and impact wrenches from one supplier.

MODEL-LEVEL DETAIL

Every tool has its own model code and datasheet, so enquiries, quotes and re-orders stay exact.

DIRECT, TECHNICAL ANSWERS

Tell us the material and the job and we will recommend the model and the air set-up.

QUALITY COMMITMENT

- ✓ Published specifications for every model, in metric and imperial units
- ✓ A downloadable datasheet for each product
- ✓ Guidance on abrasives rated for each tool's free speed
- ✓ Air supply and safe-use guidance with every enquiry
- ✓ Clear, documented quotations

STANDARD AIR SET-UP

6.2 bar

(90 psi) working pressure at the tool · 1/4" air inlet on most tools · 10 mm (3/8") hose · filter, regulator and lubricator

AIR SANDERS

AIR SANDERS – S100 SERIES

Low-profile air palm sanders, from a compact model to large-pad and vacuum versions.

GT-S101
COMPACT PALM SANDER

GT-S102
LOW-PROFILE PALM SANDER, VACUUM

GT-S103
PALM SANDER

GT-S104
LARGE-PAD PALM SANDER

AIR SANDERS – S200 SERIES

Air palm sanders with rounded palm grips, in vacuum and non-vacuum versions.

GT-S201
PALM SANDER, VACUUM

GT-S202
PALM SANDER

GT-S203
PALM SANDER, LARGE VACUUM PORT

GT-S204
LOW-PROFILE PALM SANDER

AIR SANDERS – S300 SERIES

Palm sanders, a compact palm sander and a mini angle sander.

GT-S301
PALM SANDER

GT-S302
MINI ANGLE SANDER

GT-S303
COMPACT PALM SANDER

GT-S304
PALM SANDER, VACUUM

AIR SANDERS – S400 SERIES

Air sanders with tall, full-grip bodies for a firm, controlled hold.

GT-S401
FULL-GRIP SANDER, LARGE PAD

GT-S402
COMPACT SANDER

GT-S403
TALL-BODY SANDER

GT-S404
TALL-BODY SANDER

AIR SANDERS – S500 SERIES

Air palm sanders in four colour-coded versions.

GT-S501
PALM SANDER

GT-S502
PALM SANDER

GT-S503
LOW-PROFILE PALM SANDER

GT-S504
PALM SANDER

Nominal values at 6.2 bar (90 psi) working pressure. Specifications can change with model updates – please confirm with us before ordering. Full specifications for every model are in the product catalogue.

GRINDERS, DRILLS & WRENCHES

AIR DIE & PENCIL GRINDERS

Straight die grinders, a pencil grinder and a die grinder kit in a carry case.

GT-D601
STRAIGHT DIE GRINDER

GT-D602
STRAIGHT DIE GRINDER, COMPACT

GT-D603
PENCIL GRINDER

GT-D604
PENCIL GRINDER KIT

AIR GRINDERS, DRILLS & DRIVERS

Air angle grinders, a pistol-grip air drill and a pistol-grip air driver.

GT-G701
AIR ANGLE GRINDER

GT-G702
COMPACT AIR ANGLE GRINDER

GT-G703
AIR DRILL

GT-G704
AIR DRIVER

AIR IMPACT WRENCHES

A 1" long-anvil impact wrench and three 1/2" impact wrenches.

GT-W801
1" IMPACT WRENCH

GT-W802
1/2" IMPACT WRENCH, COMPOSITE

GT-W803
1/2" IMPACT WRENCH

GT-W804
1/2" IMPACT WRENCH, COMPACT

Nominal values at 6.2 bar (90 psi) working pressure. Specifications can change with model updates – please confirm with us before ordering. Full specifications for every model are in the product catalogue.

WHEREVER COMPRESSED AIR POWERS THE WORK

METAL FABRICATION

Fabrication shops grind and blend welds with air angle and die grinders, drill and fasten with pistol-grip air tools, and prepare surfaces with orbital sanders before paint or powder coating.

GT-G701 · GT-G702 · GT-D601 · GT-G703 · GT-S104 · GT-W802

GENERAL ENGINEERING

Machine shops and maintenance teams use die and pencil grinders for deburring and edge breaking, and air drills, drivers and impact wrenches for assembly and repair.

GT-D601 · GT-D602 · GT-D603 · GT-G703 · GT-G704 · GT-W803

DIE, MOULD & TOOL ROOM

Tool rooms need control more than power: pencil grinders and compact die grinders for detail work, and compact sanders for finishing dies, moulds and patterns.

GT-D603 · GT-D604 · GT-D602 · GT-D601 · GT-S101 · GT-S303

AUTOMOTIVE & REFINISHING

Body shops and service bays rely on vacuum orbital sanders for filler and primer, mini angle sanders for spot repairs, and 1/2" impact wrenches for wheels and bolting.

GT-S102 · GT-S201 · GT-S302 · GT-S101 · GT-W802 · GT-W804

WOODWORKING & FURNITURE

Furniture and joinery production sands large flat areas with full-size and vacuum orbital sanders, keeping dust down and finishes even.

GT-S102 · GT-S201 · GT-S203 · GT-S304 · GT-S104 · GT-S401

ASSEMBLY & PRODUCTION LINES

Assembly lines use pistol-grip air drills and drivers for repeatable work, with impact wrenches where bolts need more torque — light, cool-running tools for all-day use.

GT-G704 · GT-G703 · GT-W804 · GT-W802 · GT-W803 · GT-W801
